

PHASE 4

Scope

Office functions have the CFO and Controller as primary stakeholders. This phase covers four functional areas with 14 automations. Full accounting detail is in the Accounting Automation companion paper.

SECTION 1

4.1 Accounting

Five automations scored 8.2–9.5.

Automation	Current state	Score
AP invoice intake	Email + spreadsheet	9.2
AP matching / 3-way	Manual	9.0
Revenue recognition / %-complete	Monthly manual	8.5
Sub insurance / COI tracking	Master spreadsheet	9.5
Month-end close automation	Manual consolidation	8.8

SECTION 2

4.2 Procurement

Three automations.

Automation	Current state	Score
PO generation from buyout	Manual entry	8.0
Long-lead item tracking	Spreadsheet + calls	7.5
Vendor performance scorecards	Not tracked	7.5

SECTION 3

4.3 HR & Labor

Three automations.

Automation	Current state	Score
Payroll job-cost allocation	Timesheet + spreadsheet	8.0
Certified payroll reports	Manual prevailing-wage	8.0
New-hire onboarding	Paper checklist	7.5

SECTION 4

4.4 Stakeholder Communication

Three automations.

Automation	Current state	Score
Owner monthly report assembly	Manual narrative + photos	8.0
Meeting-minutes generation	Hand-typed	8.0
Sub weekly status updates	Manual reminders	7.5

PLAN LINKAGE

Extended BD Connection

Office automations let the existing back-office team support the full Extended BD pipeline (30 deals) without expanding APM/coordinator headcount beyond the project-triggered hires already in plan — deferring roughly \$300K/yr in next-wave back-office hiring and contributing about \$1.5M of the total Mission Control uplift.
